

## Professional Finance Consulting, Inc.

Professional Finance Consulting, Inc. specializes in business equipment financing.

With over 10 years of experience supporting national finance programs with large equipment vendors, we have put together a consulting program that allows us to satisfy all finance needs.

### **We understand the financing needs of all types of businesses!**

Whether you need an equipment lease or leasehold improvements, PFC, Inc. can put together a complete finance package that will save you both the time and effort of going to multiple funding sources for each type of finance program needed. We can secure your total financing quickly and easily.

PFC, Inc. offers the following finance programs:

- Lines of Credit
- Building and/or Mortgage Financing
- Leasehold Improvements
- Working Capital
- Equipment Leasing
- Small Business Administration Loans
- Bank Loans

The thing that sets PFC, Inc. apart from other financing companies is our ethical approach to financing. Our business starts with the conviction that you should be able to trust the companies with whom you do business and feel confident that your best interests are being looked after. You can feel confident that PFC, Inc. will secure the best finance program for you needs.
